SALON D' AUTOMNE 2024

On exhibition is a wide selection of paintings, and photographs, in situ; the hall, the dining room, over the mantelpiece, kitchen, and the most interesting of all - is in my studio.

There you will see the objects d'art, many of which have starred in a painting, along with wonderful pieces that have inspired me over the many years of creativity.

Come and enjoy the visual feast and the ambience.
